Easy-to-Use

This wire manager is the easiest to use in the industry. With large and accessible openings, your hands can easily reach cords to keep them neat.

Versatile

With duplex chrome-plated adjustable legs, this table is available in a number of different shapes and sizes for use in K-12 classrooms or computer labs.

Strong

Heavy-duty stretcher bar provides strength to support computer equipment without warping. Compare to see the difference.

Classroom Quality Where It Counts

COMPUTER TABLES

The strength of our Computer Table will amaze you. The smart stretcher bar design avoids knee-knocking and easily supports two computers without warping, prompting you to say "why didn't I think of that?" The quality continues with water-resistant phenolic backing that your maintenance staff will appreciate when struggling to find the right cleaning supplies for today's classroom furniture. And even though it's incredibly strong, our Computer Table follows the good, clean design of all our furniture.

Choices! Choices! Choices!
